IFEANYI OSUJI

Java | ReactJS | Python | Data engineer | Camunda Workflow Integration
Nigeria

Summary

I am a skilled software engineer with over two years of experience. I am seeking a challenging role in a dynamic organization where I can apply my technical skills and knowledge to design, develop, and deploy innovative software solutions. With expertise in Java, Spring Boot, Python, Flask, and a range of database technologies, I am confident in my ability to contribute to the success of any organization by building scalable, reliable, and efficient software applications. My strong analytical, problem-solving, and collaboration skills, along with my passion for staying up-to-date with the latest technologies and trends, make me a valuable asset to any team.
