# Samuel Erube

Full Stack Software Engineer | Backend Engineer | Frontend Engineer | PHP | MySQL | MSSQL | PostgreSQL | Javascript | Node.js | Typescript | Vue.js | React.js | ReactNative

Lagos State, Nigeria

## Summary

I am a creative, reliable, and proficient Full Stack Software Engineer with 7+ years of experience and devotion to delivering the most exciting and challenging IT projects.

I'm experienced in developing web and mobile applications (Laravel, Codeigniter, Javascript, NodeJS, iOS, Android, NativeScript, ReactNative), managing databases (MySQL, MSSQL, PostgreSQL), and designing user interfaces (VueJs, ReactJs, JQuery/Ajax/React Query/Axios, CSS, HTML5, Bootstrap, Semantic UI) with apt knowledge of user experience.

I possess excellent interpersonal skills, enabling great interaction with a wide range of clients and teams and a productive team player, able to motivate and increase a team-focused culture.
