Oyedipe Olasile

Software Engineer | C# | ASP.NET CORE | .NET | REST API |
Docker | Technical Support Engineer
Nigeria

Summary

I am a software engineer with two years of expertise in backend
development and a strong background in computer science.
Proficient in C#, ASP.NET Core, MVC, Razor Pages, SQL, REST
API, and Docker.

In my technical support role, I excelled in Windows and Microsoft
365. Now, I am actively pursuing a challenging position to optimize
IT infrastructure. Simultaneously, I explore cloud engineering,
focusing on Azure, to align with industry trends. My goal is to
integrate these skills into a dynamic professional landscape,
ensuring not just proficiency but an active contribution to the ever-
evolving tech sphere
